

ROOFING DETAIL "V" ROLLERS

- Detail "V" rollers make seaming tight angles and handling detail work around fixtures and in corners easier.
- All rollers have hardwood handles and enclosed bearings to provide smooth rolling action.

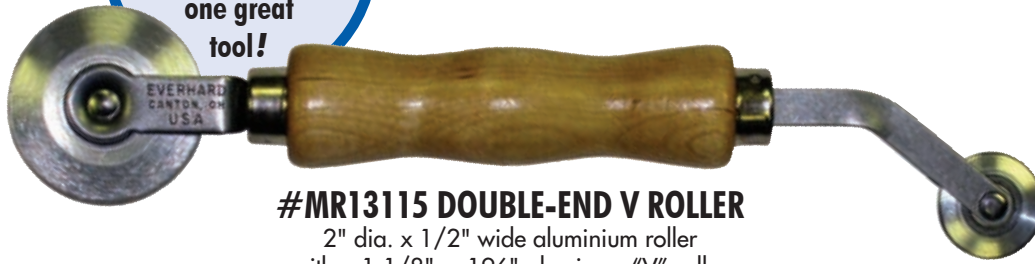

#MR13500 ALUMINUM "V" ROLLER
2" dia. x 1/2" wide aluminum roller tapered to a 5/64" radius, with straight double fork

#MR13110 ALUMINUM "V" ROLLER
1-1/8" dia. x .196" wide roller tapered to a 1/16" radius, with offset single fork

We combined the **MR13500** and the **MR13110** into one great tool!

#MR13115 DOUBLE-END V ROLLER
2" dia. x 1/2" wide aluminium roller with a 1-1/8" x .196" aluminium "V" roller

#MR13140 DOUBLE-END SEAM/"V" ROLLER
1-7/16" dia. x 1-3/4" wide silicone seam roller with a 1-1/8" x .196" aluminium "V" roller

We combined the **MR05020** and the **MR13110** into one great tool!
